African Serval kittens: sleek, spotted, and wildly intelligent. These exotic companions offer a rare blend of elegance and energy, forming deep bonds with experienced owners. Ideal for those seeking a unique pet with a touch of the savannah—where beauty meets adventure in every graceful leap.

Key Characteristics:

Size: 21-24 inches (53-60 cm) at the shoulder
Weight: 18-40 pounds (8-18 kg)
Coat: Golden-yellow with black spots and stripes
Lifespan: 10-12 years in the wild, up to 20 years in captivity
Their long legs and expressive ears aren't just striking—they're built for astonishing agility. Serval kittens spend their days honing hunting skills through playful pounces and sky-high jumps, showcasing the wild instincts that make them so captivating.
